

Description:-

- Range of polyester pressure sensitive label materials
- Durable, strong polyester face materials
- Highly quality, smooth, uniform surfaces
- Gloss clear versions great for 'no-label' look
- Permanent adhesives suitable for indoor or out-door applications
- Trouble free running on dry toner equipment, great printability and runnability.
- Easily guillotined & punched
- Extremely strong toner adhesion => scratch resistant print

Compatibility:-

- Suitable for most dry toner (laser/LED/flash fusion) print processes, both mono and colour small-volume, mid-volume & production machines.

Applications:-

- Water resistant labels for signage, safety labels, plant labels, durable labels. Clear version excellent for "no-label" look and window signage.

Properties :-
